

# Final announcement: 2<sup>nd</sup> Austrian Peptide Symposium

November 29<sup>th</sup> 2012, Vienna, Austria

## Invited Speakers:

**Anna-Maria Papini** (University of Florence, Italy): "Post-translationally modified peptides detecting autoantibodies as biomarkers of neurodegenerative diseases: a challenge for theragnostics of immune-mediated diseases."

**Derek Macmillan** (University College London, UK): "Protein ligation enabled by the controlled cleavage of peptide bonds"

**Meritxell Teixido** (IRB Barcelona, Spain): "Present and Future Perspectives of Peptides as Blood-Brain Barrier Shuttles"

**Wolfgang Knoll** (Austrian Institute of Technology): "The Tethered Bimolecular Lipid Membrane as a Platform for the Study of Antimicrobial Peptides"

**Rolf Breinbauer** (Technical University of Graz): "Transition metal-Catalysis for the Synthesis and Modification of Peptides"

**Robert van Ling** (ThermoFisher Scientific, The Netherlands): "Ultra-high Sensitivity in Proteomics using nano UHPLC at 20 nL/min"

**Chiara Cabrele** (University of Salzburg): "Peptide-Based Modulators of Protein-Protein and Receptor-Ligand Interactions: The Case Studies of the Id HLH Proteins and of the PTH/PTHR1 System"

**Maria Waldhoer** (Novo Nordisk, Denmark): "Real time trafficking and signaling of class B incretin receptors"

Members of the Austrian Peptide Community are invited to **submit an abstract** to be selected for oral or poster presentations. Deadline for abstract submission is the 20<sup>th</sup> of October 2012.

During the symposium coffee, snacks, soft drinks and a light lunch will be provided. After the scientific session there will be a guided wine tasting with **Michaela Jöbstl (Langenlois, Austria)**. Food and drinks will be served.

Location: Great Lecture Hall - Institute of Pharmacology, Währingerstr. 13a, A-1090 Vienna, Austria

Please register **until the 15<sup>th</sup> of November**.

For further information, registration and abstract submission please visit :
