

## Invitation

The Center for Doctoral Studies and the Österreichische Zentralbibliothek für Physik cordially invite to the

### ***Lecture: Publishing in the Natural and Life Sciences***

The lecture is intended for young researchers from the Natural and Life Sciences who want to gain more information about the publishing process. The lecture takes place in co-operation with the Publishing Company Elsevier and will address both the writing and the review process of scientific papers.

First, Arthur Eger from Elsevier will provide practical tips which should help early stage researchers to publish their manuscripts in leading international journals. In the second part, Professor Herbert Ipser, Head of the Department of Inorganic Chemistry at the University of Vienna will share with the audience how the review process functions and let the participants benefit from his own experiences in reviewing a large number of manuscripts.

**Date:** December 12 2013, 3 pm - 5 pm

**Place:** Österreichische Zentralbibliothek für Physik, Boltzmanngasse 5, 1090 Vienna, 5th floor

Due to organizational reasons and the limited number of places we kindly ask you to register for the lecture via Email: [event.doktorat@univie.ac.at](mailto:event.doktorat@univie.ac.at). Registration deadline is December 9 2013.

For further information please visit the website of the Center for Doctoral Studies: <http://doktorat.univie.ac.at/aktivitaeten-und-angebote/veranstaltungen/vortragsreihe/>
