October 5th, 2015

Scientists have to make some of their most important career decisions during their PhD and Postdoc time. The MFPL Career Day offers a fantastic opportunity to get information on a wide variety of career possibilities in the field of life sciences and beyond.

JOB-SPEED-DATING: group discussions with peers

October 5th, 13:30 – 17:30

Hotel Lindner am Belvedere, Rennweg 12, 1030 Vienna

So far, we have 12 confirmed guests representing many different career options in Life Sciences and beyond. In small group discussions, participants will have the opportunity to meet up to four guests during the course of the afternoon. This personal approach creates a comfortable discussion atmosphere far away from the usual classroom lectures and allows talking about individual interests.
