

ELSEVIER

The Elsevier polymer publications and conferences

Dr Rumen Duhlev

Senior Publisher, Materials Science
Elsevier, Oxford, UK

Dr Rumen Duhlev is a Senior Publisher for Elsevier's polymer journals and founder and co-chair of two large conferences: *Frontiers in Polymer Science* and *Multifunctional, Hybrid and Nanomaterials*. The talk will provide details about the journals *Progress in Polymer Science*, *Polymer*, *European Polymer Journal*, *Reactive and Functional Polymers*, *Polymer Degradation and Stability*, *Polymer Testing*, the 10-volume reference work *Polymer Science: A Comprehensive Reference*, the *International Symposium Frontiers in Polymer Science* and the *International Conference on Multifunctional, Hybrid and Nanomaterials*. Recent developments introduced to the Elsevier polymer journals to the benefit of its authors will be highlighted.

Fifth International Conference on

Multifunctional, Hybrid and Nanomaterials

6-10 March 2017, Lisbon, Portugal
