

Einladung zum Vortrag von

Prof. Dr. John WoodDepartment of Chemistry and Biochemistry,
Baylor University, Waco, Texas, USA**„Recent Progress in the Synthesis of Natural
Products: Phomoidride D”**

Ongoing efforts directed toward a total synthesis of phomoidride D have evolved through three generations of strategies that utilize fragmentation chemistry as a key step. The evolution of this synthetic approach will be discussed.

Montag, 26. Juni 2017, 16:15 Uhr
