## About

The WoChem - Women in Chemistry network has been established in 2018 at the Faculty of Chemistry (University of Vienna). We aim to support young female scientists within our organization, help increase their visibility and foster scientific collaborations in Austria as well as abroad.

At the first WoChem Symposium 2019 members of our network will present their research projects from different branches of chemistry.

This is an open scientific event!

## Confirmed Speakers

Giorgia Del Favero - Imaging & Biophysical Toxicology (Food Chemistry and Toxicology)
