

Opening Event

3rd Funding Period of the  
Doctoral Program:

# Ion Channels and Transporters as Molecular Drug Targets (MolTag)

## DATE & REGISTRATION

November 25, 2019  
9:15 - 16:30  
Registration until November 17  
[moltag.univie.ac.at/opening-event/](http://moltag.univie.ac.at/opening-event/)  
Admission is free!

## VENUE

Sky Lounge, University of Vienna  
Oskar-Morgenstern-Platz 1, 1090

## SPEAKERS

Ruth **NUSSINOV**  
National Cancer Institute (USA)

*Molecular Targeting in the Age of Precision Medicine*

Jeffrey **BODE**  
Organic Chemistry, ETHZ (CH)

*Predictable and Programmable Organic Synthesis*

Jacob **KELLER**  
HHMI Janelia Research Campus (USA)

*Rapid, Frigid, and Vivid:  
Transporter Physiology Measured with Biosensors*

Paul **SLESINGER**  
Icahn School of Medicine (USA)

*From Structures to Behavior:  
A journey with inhibitory potassium channels*

Nuno **MAULIDE**  
Moltag Faculty member

*When Science becomes an Art:  
From Chemical Reactions to Total Synthesis*

## PANEL DISCUSSION

Lucas **ZINNER**  
Chair

*Value and Challenge of a multidisciplinary PhD education*
